EJL Wireless Research Celebrates Its Fifth Anniversary

The company has emerged as a global leader of wireless infrastructure market analysis and research

Salem, NH, January 4, 2011: EJL Wireless Research LLC, a leading supplier of wireless infrastructure market analysis and research, announced today the celebration of its fifth anniversary. "We would like to sincerely thank our clients and global channel partners for their continued support and trust in our company and our industry-leading research products," says founder and President, Earl Lum. "We look forward to the next five years of providing the wireless infrastructure industry's most proprietary, accurate and cutting edge market research and analysis."

EJL Wireless Research provides market analysis and research products and consulting services focusing on all aspects of the wireless cell site including:

-  Base Station Antennas
-  Point to Point Microwave Radios
-  Base Stations/NodeBs/eNodeBs
-  Base Station Radio Transceivers (TRx)/Power Amplifiers
-  Remote Radio Units (RRU)
-  Radio Access Network (RAN) Equipment Contracts
-  DNA Analysis of BTS/RRU/TRX Equipment

Our research spans mobile wireless technologies including GSM/EDGE, W-CDMA, HSPA/HSPA+, TD-SCDMA, EVDO and FDD/TDD LTE.

About EJL Wireless Research

EJL Wireless Research provides proprietary, accurate and cutting-edge market analysis and consulting services on the wireless technology ecosystem. The firm focuses its research on all vertical elements of the wireless ecosystem including mobile subscribers, mobile operators, mobile handsets, mobile infrastructure and mobile content. In addition, the firm provides analysis across horizontal technology suppliers including RF semiconductor materials, RF semiconductor/components, subsystems and OEMs.

EJL Wireless Research believes it has a corporate responsibility, both local and international, in giving back to the community. Please visit our website for more information about the charitable organizations it supports at: http://www.ejlwireless.com/corporate_responsibility.html.

EJL Wireless Research is managed by Earl Lum. Mr. Lum has 18 years of experience within the wireless industry including 8 years as an Equity Research Analyst on Wall Street covering the global wireless industry. The company is headquartered in Salem, NH.
