

Press Release

EJL Wireless Research adds the Ericsson WCDMA KRB 1011048/60 Power Amplifier to its Design Analysis (DNA) series of teardown reports

Redwood City, CA, March 4, 2008: EJL Wireless Research is announcing a new report within the DNA-I series, an Ericsson KRB 1011048/60 W-CDMA power amplifier unit.

“The W-CDMA wireless infrastructure market continues to move forward as more and more wireless subscribers migrate to 3G. This unit uses a more traditional feed forward amplifier topology and offers our clients a unique opportunity to see the sleek functional design of the power amplifier that one would expect from market leader Ericsson,” says founder and President, Earl Lum.

“We are excited to have the opportunity to showcase this unit as well as power amplifiers and base stations from other OEMs that will be announced in the future,” says Lum.

Component suppliers mentioned in this report include: Ace Technology, Analog Devices, AVX Corporation, Freescale Semiconductor, Huber+Suhner GmbH, International Rectifier, Kemet, Linear Technology, Maxim Integrated Circuits, Murata Electronics Co., Ltd., National Semiconductor, ON Semiconductor, RF Microdevices, Samsung Electronics, Skyworks Solutions, STMicroelectronics, Texas Instruments, Tyco Electronics M/A-COM, Vishay Semiconductors.

About EJL Wireless Research

EJL Wireless Research provides proprietary, accurate and cutting-edge market analysis and consulting services on the wireless technology ecosystem. The firm focuses its research on all vertical elements of the wireless ecosystem including mobile subscribers, mobile operators, mobile handsets, mobile infrastructure and mobile content. In addition, the firm provides analysis across horizontal

technology suppliers including RF semiconductor materials, RF semiconductor/components, subsystems and OEMs. Our goal is to provide our clients with mission critical market analysis and information.

EJL Wireless Research is managed by Earl Lum. Mr. Lum has 15 years of experience within the wireless industry including 8 years as an Equity Research Analyst on Wall Street cover the global wireless industry. The company is headquartered in Redwood City, CA. For more information about EJL Wireless Research, please visit the company's website at www.ejlwireless.com.
