## EJL Wireless Research adds the Huawei W-CDMA RRU3804 to its Design Analysis Infrastructure (DNA-I) series of teardown reports

Salem, NH, February 11, 2010: EJL Wireless Research is announcing a new report within its proprietary DNA-I series, a Huawei Technologies W-CDMA 2100MHz RRU3804 unit.

“This is our first opportunity to look into the design philosophy for DSB3900 BBU/RRU platform at Huawei and has allowed us to see what is driving the company’s success in the base station industry” said founder and President, Earl Lum.

EJL Wireless Research continues to lead the wireless market research segment with innovative and cutting edge research such as its DNA-I series of products.

“We are excited to have the opportunity to showcase this unit as well as power amplifiers, transceivers, remote radio heads, femtocells and base stations from other wireless equipment OEMs as part of our DNA-I program,” says Lum.

The following semiconductor & passive component suppliers are included in this report: Analog Device, Anaren Microwave, Epcos AG, Fairchild Semiconductor, Freescale Semiconductor, Hitachi Metals, Infineon Technologies, Littelfuse, Maxim Integrated Products, Micron Technology, National Semiconductor, ON Semiconductor, STMicroelectronics, Texas Instruments, Vishay Semiconductor.

The report is currently available for purchase and information can be downloaded at [www.ejlwireless.com](http://www.ejlwireless.com).

### **About EJL Wireless Research**

EJL Wireless Research provides proprietary, accurate and cutting-edge market analysis and consulting services on the wireless technology ecosystem. The firm focuses its research on all vertical

elements of the wireless ecosystem including mobile subscribers, mobile operators, mobile handsets, mobile infrastructure and mobile content. Our goal is to provide our clients with mission critical market analysis and information.

EJL Wireless Research is managed by Earl Lum. Mr. Lum has 18 years of experience within the wireless industry including 8 years as an Equity Research Analyst on Wall Street covering the global wireless industry. The company is headquartered in Salem, NH USA. For more information about EJL Wireless Research, please visit the company's website at [www.ejlwireless.com](http://www.ejlwireless.com).
