EJL Wireless Research adds the Lucent UMTS CDMA UCR850 BTS Transceiver Radio to its Design Analysis Infrastructure (DNA-I) series of teardown reports

Redwood City, CA, June 23, 2008: EJL Wireless Research is announcing a new report within its proprietary DNA-I series, a Lucent Technologies UMTS CDMA UCR850 transceiver radio unit.

“The CDMA2000 BTS transceiver market experienced some softness in 2007 and is expected to continue to see a slight decline in 2008 before rebounding strongly in 2009. This unit is a single carrier version of the CDMA2000 MCR (Multi Carrier Radio) product from Alcatel-Lucent,” says founder and President, Earl Lum.

“We are excited to have the opportunity to showcase this unit as well as power amplifiers, transceivers, remote radio heads, femtocells and base stations from other wireless equipment OEMs as part of our DNA-I program,” says Lum.

Component and semiconductor suppliers mentioned in this report include: Analog Devices, Coilcraft, CTS, Cypress Semiconductor, Epcos AG, Freescale Semiconductor, International Rectifier, Kemet, M/A-COM, Maxim Integrated Products, Micrel, Mini Circuits, Microwave Technology, Murata Electronics Co., Ltd., National Semiconductor, NXP Semiconductors, ON Semiconductor, RF Microdevices, Skyworks Solutions, Texas Instruments, Vectron International, and Xilinx.

About EJM Wireless Research

EJM Wireless Research provides proprietary, accurate and cutting-edge market analysis and consulting services on the wireless technology ecosystem. The firm focuses its research on all vertical elements of the wireless ecosystem including mobile subscribers, mobile operators, mobile handsets, mobile infrastructure and mobile content. In addition, the firm provides analysis across horizontal technology suppliers including RF semiconductor materials, RF semiconductor/components, subsystems and OEMs. Our goal is to provide our clients with mission critical market analysis and information.

EJM Wireless Research is managed by Earl Lum. Mr. Lum has 15 years of experience within the wireless industry including 8 years as an Equity Research Analyst on Wall Street cover the global wireless industry. The company is headquartered in Redwood City, CA. For more information about EJM Wireless Research, please visit the company's website at www.ejmwireless.com.
